Only life perished smiles  
Magnificence drowning miles  
Holy life hollow bones  
Sightless eyes overthrown, overthrown  
Only life perished smiles  
Magnificence drowning miles  
Holy life hollow bones  
Sightless eyes to see  
No throne overthrown  
Perished life over throne  
Buried life endless strife  
Though it never can decide the lie  
Holy love go in low  
Holy life hollow bones  
Sightless eyes overthrown  
King without a throne  
King without a throne  
Blackened heart crystal skull  
Culled messiah only where?  
Devil mind Devil mind  
Tide cast in time  
This time  
Two drops for eternity...  
But don't turn back  
We won't turn back  
There's no way back
