Ray Horton
"I Cry"

Everytime you go away
I canÂ't find the words to say
If I could, IÂ'd make you stay
To be back in your heart and find a new start

Tell me where did we go wrong
It used to be our love was strong
Now everything we had is gone
Â'cause I canÂ't sleep at night without holding you tight

Ref.:
I cry, I die
Each time, you tell me itÂ's over
I cry, I die
Each time, you tell me itÂ's over
When you tell me itÂ's over
I cry
- Yes I cry
Now that all is said and done
I still think youÂ're the only one
Maybe I just hanging on
Yet my heart wonÂ't let go, Â'cause I still love you so

Ref.:
I cry, I die
Each time, you tell me itÂ's over
I cry, I die
Each time, you tell me itÂ's over
When you tell me itÂ's over
I cry

And think about the time weÂ've spent
Laughing in the rain, having fun - oh baby
And I wish upon a star, hoping that your love isnÂ't
gone
Â'cause youÂ're still the one

Ref.:
I cry, I die
Each time, you tell me itÂ's over
I cry, I die
Each time, you tell me itÂ's over

I cry, I die
Each time, you tell me itÂ's over
I cry, I die
Each time, you tell me itÂ's over
When you tell me itÂ's over
I cry
- I cry
