Tell my heart a thousand times
Tell my soul a thousand rhymes
But won't you please tell my heart

Figure out, what you want, then tell me what it is
I'll do just what I can, for your love
There's no doubt, in my heart, that we can work it out
It takes a little time, a lot of love
I don't care, what people they may say
I know, I - will love you anyway

Ref.:

Tell my heart a thousand times
Tell my soul a thousand rhymes
But tell me now, do you want me to stay
Tell my mind a thousand lies
Show my eyes a thousand cries
Whatever you do, tell my heart

We've been up, we've been down, it's time to find
our way
Back to where we were once before
You and me, disagree, it doesn't mean a thing
Cause making up's the part that I adore
I don't care, what people they may say
I know, I will love you anyway

Ref.:

Tell my heart a thousand times
Tell my soul a thousand rhymes
But tell me now, do you want me to stay
Tell my mind a thousand lies
Show my eyes a thousand cries
Whatever you do, tell my heart

Bridge:

You don't know how much you mean to me
You're my world, my everything
Figure out, what you want, then tell me what it means to
you
Baby all you need to do for me is stay

Ref.:

Tell my heart a thousand times

Tell my soul a thousand rhymes

But tell me now, do you want me to stay

Tell my mind a thousand lies

Whatever you do, tell my heart

Whatever you do, tell my heart
