Wait while I see
if this is something I can do
if this is something I can be
caz I have never tried
to show you who I really am
without telling you lies
and don't hesitate
am standing on the edge of something
am just too numb to know what it is

(chorus)

if i can give it to you
you know i will
if i can give it to you
you know i will
i just want to love you
i just want to love you
i just want to love you
and show you things that words cant do

wait while I breathe
caz this is something that I still
have not fully concieved
and you just dont know
the way this whole things turned on me

and i just cant let go
and don't make me wait
your hanging on the edge of something
am just too numb to know what it is.

chorus

so there you go again
caz i see what you want
caz you want what you dont
in time things will work out right
so you say that I can wait
I can wait
I can wait.

If I can give it to you
you know I will
if I can give it to you
you know I will
I just want to love you
I just want to love you
I just want to love you
I just want to love you
If I can give it to you,
then I will give it to you,
I just want to
I will give it to you.. to you..
