Just another face in a crowd
Color high thinking out loud
Just another day just another girl looking for a smile
An angry world
And i can't go home looking like this
Feeling this way with nothing to offer and nothing to say
And it's kinda cold outside
Turn me away and say you're not hiring today

'Cause I'm down to my last 20 dollars
And I'm down to my last nerve
And I'm hoping to find the respect I deserve
But you're telling me you don't need me
That's cool I'll keep walking past
But my offer's still good while supplies last

My self doubt enslaves me and your kind words could save me
But you just won't open your mouth
'Cause I'm no hero and I'm no saint
I'm not lookin' for love I'm just tryin' to make rent
And i miss my family and i miss the way i used to be
The better half of me you simply refused to see
And it'd kinda cold outside
And you turn me away and say your not Hiring today

'Cause I'm down to my last 20 dollars
And I'm down to my last nerve
And I'm hoping to find the respect I deserve
But you're telling me you don't need me
So I guess I'll keep walking past
But my offer's still good while supplies last

'Cause I'm down to my last 20 dollars
And I'm down to my last nerve
And I'm hoping to find the respect I deserve
But you're telling me you don't need me
And that's cool I'll keep walking past
But my offer's still good while supplies last

My offer's still good while supplies last
My offer's still good while supplies last
My offer's still good while supplies last
My offer's still good while supplies last
