So it goes without saying that I'm hooked on you
And by now I'm out of my mind with this self-abuse
I guess should have looked out for myself
I guess that I could of found someone else
But I never met anyone who's loving made me so damn
crazy

Chorus

Every little thing that you do
Every single word you say
Every time you looking away
You got me begging for more of you, more of you
Every time I'm ready to go
Every time I think I'm back in control
Something gets a hold of my soul
And I be begging for more of you, more of you

(I'm begging for more of you, mmm, I'm begging for
more of you)

You're a door I can't close when I'm running late
When I see you I know that I'm tempting fate
I guess that I should move on with my life
Cause the state that I'm in is just not right
But I never met anyone who's loving made me so damn
crazy

Chorus

Every little thing that you do
Every single word you say
Every time you looking away
You got me begging for more of you, more of you
Every time I'm ready to go
Every time I think I'm back in control
Something gets a hold of my soul
And I be begging for more of you, more of you

Now I don't know where to go
Should I put an end to this show
But it's out of my hand (out of my hand)
Cause I'm at your command (at your command)
So what else can I do but get some more of you

Chorus
