It's too late to start a fight
But you don't care, you're always right
And I know how this goes

You raise your voice and slam the door
You're telling me that you need more
Well, I try
Well, I cry

Before you take my money away
I've got something to say

Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay?

Met you in 2005
When you were young and full of light
But you changed
Overnight

You held my hand and opened doors
You bought things you can't afford
It was hot
And it stopped

Before you take my money away
I've got something to say
Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay?

Why can't we just make up?
I don't want to break up
When are you gonna wake up
And see, yeah, yeah

Why can't we just make up?

I don't want to break up
When are you gonna wake up
And see it's me

Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay
Why don't you stay and watch my heart break?
Why don't you stay?
