People are running across the street to get get where  
they want to be,  
They hear a crash and now what do they do I said to  
myself,  
And I listen to the news and hear what the boss has got  
to say.  
The sky-line is burning and I want to fix it,  
The trees have come down with the sunlight and the  
people are gone.  
(There gone)

(Instruments)

Dramatic and too awful at the same time I didn't know  
what to do, (Oh)  
I thought, I thought, I thought about what happened  
today.  
One minute there was a masterpiece and then no, it  
was gone.  
The sign of reality is lost now and so is the shpaes of  
the creatures in the  
sky, the sign of peace. (Of peace)

(Instruments)

I thought I saw the way back home (x2)  
But they're gone, they're gone.
