Life is a present
It ends at the reverend
Death is a part of life
sometimes it hurts like a sharp knife

CHORUS

Life is impossible for some to do
Life is harder as I knew

Life sometimes unfair
You searched for help and nobody was there
Destiny is no existence
cause life is in our hands

CHORUS

Life is impossible for some to do
Life is harder as I knew

BRIDGE

And someones death
Trough a suicide
And the relations
They all cried
I give up breathing
without life inside of me

CHORUS

Life is impossible for some to do
Life is harder as i knew
