Seepersaud

Do you know what I am feeling

Seepersaud

Do you know what I am seeing

Seepersaud

Do you know the weight of being

Seepersaud

There is no way you'll believe me by yourself
Silence

It keeps us waiting

And lightning

It brakes the silence and sends me under the trees

And silent

lights on the water they beam

And remind me of something ive seen

Something I know
Seepersaud

Can you hear all that is missing

Seepersaud

In the emptiness that weighs on your shoulders

Seepersaud

When you try to hide from Me
Isn't it ironic it seems so familiar and yet so vague

Pretending is all that you live for and all you were

Just trying to wake and hold on to pieces of you that
were slipping away

Silence

It kept me waiting

And lying

It broke the silence and sent me under the trees

And silent lights on the water they beamed
