Empty, so empty inside

Feel the spike, lived to die another day
Feel the spike, brown and red have made my day

Empty so empty inside
Iâ'm empty so empty inside

Hunger I'm hungry inside, I crawled away my sickness
fed
Hunger I'm hungry inside, In my soul and now I'm dead

Die nothing left
Empty

You can't see what's inside of me
Iâ'm Empty so empty inside

I am the pinned man,
filled with holes, Got nothing to say
Fill me up and take away, All of my yesterdays

You can't see what's inside of me
I've got nothing left I'm empty

Circle the drain and loving my pain
I've got nothing left I'm empty
Living the lie and waiting to die
The master of lies I'm empty
You can't see what's inside of me
I'm empty
