This little piggy went to town
and that little piggy he got down
this little piggy
he pulled his gun and blew this muthafucker
all over the place

Die piggy die piggy die piggy die
U better Run, Run pig run

This little piggy spanked a monkey
and that little piggy was super funky
This little piggy
he spanked my ass and that little piggy
ate a glass

run pig run Run Pig Run
Run piggy run Get a gun

This little piggy went to town
and that little piggy he got down
this little piggy
he pulled his gun That little piggy shot everyone

Run piggy run Get a gun
