You here would be better, you here would be like home.
Never forgive, you'll always be there.
I follow your fucking steps, and I won't let you be
fucked again.
I broke our pics cause I have to keep my head up. I
think you'll loose.
I wont' forgive you. So let me. Now. I won't forgive.
I follow your fucking steps, and I won't let you be
fucked again.
I broke our pics cause I have to keep my head up.
I have to keep, to keep head up.
You bitch I think, I think you'll loose...
