Iâ€™ve kept this all locked up inside,  
No longer can reside.  
Iâ€™m sick of you, never return  
Listen, I wonâ€™t be unheard.

Youâ€™re not trustworthy  
Always lying to me.  
I cannot trust you.  
Or ANYONE.

Iâ€™ve waited this long, to tell you, I HOPE YOU BURN!  
Canâ€™t take this anymore. I want you buried deep.  
Canâ€™t take this anymore, if this goes on, if this goes  
on, if this goes on, just kill me in my sleep.

You canâ€™t tell me the truth.  
Donâ€™t know you anymore.  
Gotten out of hand  
This was so unplanned.

Secrets Kept.  
No friends left.  
Go away.  
Sit and decay. X2

I know youâ€™ve been lying.  
Not even trying. Not even trying.  
I know youâ€™ve been lying.  
I canâ€™t help you, I will not help you.

I wanted to tell you I HOPE YOU BURN!  
Canâ€™t take this anymore, I want you buried deep.  
Canâ€™t take this anymore. If this goes on, If this goes  
on, If this goes on, if this goes on, kill me in my sleep.  
X3

Youâ€™re on your own.  
Youâ€™re all alone.  
No one can trust you.  
No one will help you.

I wanted to tell you I hope you burn,

Cant Take this anymore I want you buried deep.  
IÂ've kept this all locked up inside,  
No longer can reside.  
IÂ'm sick of you, never return  
Listen, I wonÂ't be unheard.

YouÂ're not trustworthy  
Always lying to me.
