I wanna lock Betty Crocker in the kitchen And knock her
upper during supper Clutter up her butter gutter
Hostess Ding Dong wrapped an eggroll around my
wong

While Dolly Madison proceded to ping my pong
Your Milky Way is M'n'M in your britches
And I'll tell you Baby Ruth it looks mighty delicious
Keep blowing my gum, 'cause here I come
I'm gonna get you all sticky with my Bubble Yum

Knick knack paddywhack and give your dog a bone,
baby

I was givin' some head
to some french bread
It was a four course orgy
on the spread of my bed

French kissin' french fries
in my Fruit of the Looms
I get deeper penetration
with a fork and a spoon

I got yogurt meat loaf smeared all over my ass
I stick my weiner in two buns and and then give it the
gas
Sour cream from my spleen into Levi jeans
Gonna bust the seams with my refried beans
Ronald McDonald just loves to be fondled
With Big Mac he'll fuck it like a Chicken McNugget
Colonel Sanders wants to goose Granny's loose
caboose
He's gonna give her a boost with that Kentucky fried
juice
Sooper doop poop scoop, loop de loop, chicken coop
Shoot some hoop, top sirloin from the groin
Topped with dick cheese, sneeze, wheeze From the
skeez disease, wooi!

Take a dump, baby, squirt some gravy
Pour some sugar on me, honey, make it brown & runny
Give a little Flavor Flav, back from the grave

Gonna burn some toast, pump some humpin' rump
roast

Knick knack paddywhack, jump in the sack, in fact Jerk
the smack and crack Jack from the back Bananarama
or ramabanana Fuckin' Barry Manilow on the Copa
Cabana

Squeeze me macaroni, slop your face with my bologna

You gotta syphon the spinach, you gotta cream the
corn

Sperm scrambles the eggs and a meal is born
Cookin' like a beginner, but I'm goin' up in her
I had Fritos for lunch I'm havin' bush for dinner

Chef Boyardee and the Three Muskateers Shove
Charleston Chews in their rears like queers
"Holy moly, guacamole!" said my Chips Ahoy
I'm gonna pinch a ravioli on the Pillsbury dough....boy

Knick knack paddywhack and give your dog a boner,
baby

We came to pottie...we came to pottie down your throat
