Tried to break her to a science
In an act of good defiance
I broke her heart

There's a pull up on her theories
There's a watch her growing weary
I broke her heart

Having heavy conversations
About the frivolous constellations of our souls, oh
We're just trying to find some meaning
In the things that we believe in
But we got some ways to go

Of all of the things that she's ever said
She goes and says something that just knocks me
dead

You won't find faith or hope down a telescope
You won't find heart and soul in the stars
You can break everything down to chemicals
But you can't explain a love like ours

It's the way we feel, yeah, this is real
It's the way we feel, yeah, this is real

I tried pushing evolution
As the obvious conclusion of the start
But it was all my own amusement

Saying love was an illusion of a hopeless heart

Of all of the things that she's ever said
She goes and says something that knocks me dead

You won't find faith or hope down a telescope
You won't find heart and soul in the stars
You can break everything down to chemicals
But you can't explain a love like ours

It's the way we feel, yeah, this is real
It's the way we feel, yeah, this is real

Of all of the things that she's ever said
She goes and says something that just knocks me
dead

You won't find faith or hope down a telescope
You won't find heart and soul in the stars
You can break everything down to chemicals
But you can't explain a love like ours

It's the way we feel, yeah, this is real
It's the way we feel, yeah, this is real
