I don't know why she's with me
I only brought her trouble since the day she met me
If I was her by now I would have left me
I would have walked away but now I've broken away

Somehow instead she forgave me
She said a woman's got to do what she's got to
Even if it means she denied herself the truth
'Cause when you're in too deep you wake up when it's
too late

You've fallen in love in the worst way
And if you don't go now then you'll stay
'Cause I'll never let you leave, never let you breathe
'Cause if you're looking for heaven, baby, it sure as
hell ain't me

So walk away
(Walk away)
Walk away, oh
Save yourself from the heartache, oh
Go now before it's too late

So walk away
(Walk away)
Walk away, oh
Save yourself from the heartache, oh
Go now before it's too late
But still she stays

She's standing in the heart of darkness
Saying I know you got a soul even though you're
heartless
How could any woman in their right mind be so blind
To find something this safe
Instead of walking with me she should have walked
away

She finds color in the darkest places
She finds beauty in the saddest of faces
For such a groovy and headstrong city girl

Could've had the world but she's fallen in love in the
worst way
And if you don't go now then you'll stay

'Cause I'll never let you leave, never let you breathe
'Cause if you're looking for heaven, baby, it sure as
hell ain't me

So walk away
(Walk away)
Walk away, oh
Save yourself from the heartache, oh
Go now before it's too late

So walk away
(Walk away)
Walk away, oh
Save yourself from the heartache, oh
Go now before it's too late
But still she stays
But still she stays

I don't know why she's with me
I only brought her trouble since the day she met me
If I was her by now I would have left me
I would have walked away

But you've fallen in love in the worst way
And if you don't go now then you'll stay
'Cause I'll never let you leave, never let you breathe
'Cause if you're looking for heaven, baby, it sure as
hell ain't me

So walk away
(Walk away)
Walk away, oh
Save yourself from the heartache, oh
Go now before it's too late

So walk away
(Walk away)
Walk away, oh
Save yourself from the heartache, oh
Go now before it's too late
But still she stays
But still she stays, eh

I'm saying walk away
Yeah, I'm saying walk away

Save yourself from the heartache, oh

Go now before it's too late
But still she stays
Still she stays, yeah, she stays, she stays
