[Vanessa]

Over, we were over
Was something I never had to question
Closure, we had closure
But you left me unsure of a sure thing
Seeing you getting up close to her
Sends me back where you and I once were
And I won't settle for second best

(Chorus)

'Cos it's not enough

[All]

Can't stop this heart from giving in
One spark and it's starting up the feeling
Shot down, thrown out, back where I begin
Count one to ten before I fall completely
And I realise that you love her like
Like we did when we were close together
Flashback to a moment and it's gone in a minute

[Rochelle]

Never, I said never
There's nothing more I need to explain
Ever and forever
I don't think it can come back again
What we had is dead and gone, it's too late
Living in the past is just a mistake
'Cos I'm much stronger than yesterday

(Chorus)

[Vanessa]

'Cos it's not enough

[All]

Can't stop this heart from giving in
One spark and it's starting up the feeling
Shot down, thrown out, back where I begin
Count one to ten before I fall completely

And I realise that you love her like
Like we did when we were close together
Flashback to a moment and it's gone in a minute

[Frankie]
(Flashback)
Why do we start at the ending
(Flashback)
'Cos there's no use in pretending
(Flashback)
I'll think about it til the end of time
(Flashback)

[Una]
'Cos you're always in this heart of mine
And if I stop and think about it
There's no way to live without it
I keep going back to days gone by (I keep going back)

(Chorus)
[All]
Can't stop this heart from giving in
One spark and it's starting up the feeling
Shot down, thrown out, back where I begin
Count one to ten before I fall completely
And I realise that you love her like
Like we did when we were close together
(Flashback) Flashback to a moment and it's gone in a
minute
