The sun goes down
And that's the time when it hurts so bad
I feel the weight of the love we had

I can't move on
Without you and I've lost myself
You're like a habit that I can't help

No I can't hide
From this feeling
Don't you know

I would wait for you
I would wait all night
Just the thought of you before I close my eyes
Its too late I can't take anymore

And I can't let go
And I can't forget
All that I'm left holding is my regret
And it feels like we could have had it all
You're still my last call

We don't change
We still talk every single day
Even though there's nothing much left to say
Ooo and I have tried
All that I can but I can't break free
There's no denying you're a part of me that I can't
throw away
Oh....

I would wait for you
I would wait all night
Just the thought of you before I close my eyes
Its too late I can't take anymore

And I can't let go
And I can't forget
All that I'm left holding is my regret
And it feels like we could have had it all
You're still my last call

You're still my last call

The last thing I do
The last thing I say
The last thing I do

The last thing I do
The last thing I say
The last thing I do

Is hear your voice
Say I love you

I would wait for you
I would wait all night
Just the thought of you before I close my eyes
Its too late I can't take anymore (anymore)

And I can't let go
And I can't forget
All that I'm left holding is my regret
And it feels like we could have had it all
You're still my last call
You're still my last call
