Baby, I think you know what's coming next
I think you see what I reflect so listen to me
Maybe you've got excuses but I doubt
You're a liability so shut your mouth

'Cause I don't have to listen to more lies
Get your eyes off the wall, look in my eyes

No, I don't wanna hold your hand
Wanna know you understand
What you are to me?
No one, no one, no one

And I don't wanna hear it
No credibility, no
What you are to me?
No one, no one, no one

I was so into what I thought we had
I can't believe how far I let it go
So I thought that stupid lookin' face you put
I know you're only praying for yourself, oh

And I don't have to stay here pretending
We are good 'cause we're not and I'm ending this now

No, I don't wanna hold your hand
Wanna know you understand
What you are to me?
No one, no one, no one

And I don't wanna hear it
No credibility, no
What you are to me?
No one, no one, no one

Has ever made me feel like you do
No one, no one, no one
And I won't be made a fool from you
No, no, no one, no one, no one

No I don't wanna hold your hand

Wanna know you understand
What you are to me?
No one, no one, no one

And I don't wanna hear it
No credibility, no
What you are to me?
No one, no one, no one

No, I don't wanna hold your hand
Wanna know you understand
What you are to me
No one, no one, no one

And I don't wanna hear it
No credibility, no
What you are to me?
No one, no one, no one, no one
