Tell me straight, your eyes are flickering
So tell me straight, yeah
You're too late, the time is ticking now
So tell me straight

'Cause I've been looking for somebody like you
Looking for somebody like you, looking for you, baby
Tell me straight, see I can handle it
So tell me straight, baby

All I am is once with me
Waiting for somebody good enough for me
Waiting for you, baby, so keep it steady
You got one shot, one shot

All I am is all for real
Letting you know who I am and how I feel
Letting you know, baby, so keep it steady
You got one shot, one shot, one shot

I want you though I look unaffected
I want you, yeah
I keep cool but I am unprotected
I want you

'Cause I've been looking for somebody like you
Looking for somebody like you, looking for you, baby
I want you so stay in focus
Baby, I want you, yeah, yeah, yeah, yeah

All I am is once with me
Waiting for somebody good enough for me
Waiting for you, baby, so keep it steady
You got one shot, one shot

All I am is all for real
Letting you know who I am and how I feel
Letting you know, baby, so keep it steady
You got one shot, one shot, one shot

'Cause I've been looking for somebody like you
Looking for somebody like you, looking for you, baby

You got, you got one shot

All I am is once with me
Waiting for somebody good enough for me
Waiting for you, baby, so keep it steady
You got one shot, one shot

All I am is all for real
Letting you know who I am and how I feel
Letting you know, baby, so keep it steady
You got one shot, one shot

All I am is once with me
Waiting for somebody good enough for me
Waiting for you, baby, so keep it steady
You got one shot, one shot, one shot
