Tell me straight
your eyes are flickering
so tell me straight, yeah
your too late, t-time is ticking yeah
so tell me straight
I've been looking for somebody like you
looking for somebody like you
looking for you baby
tell me straight
see i can handle it
so tell me straight baby

all i am is constantly
waiting for somebody good enough for me
waiting for you baby
so keep it steady, you got
one shot, one shot
all i am is
letting you know who i am
and how i feel
letting you know baby
so keep it steady, you got
one shot, one shot, one shot

i want you
though i look un-effected
i want you, yeah
i keep cool, but i am unprotected
i want you
I've been looking for somebody like you
looking for somebody like you
looking for you baby
i want you, so stay in focus baby
i want you yeah yeah

all i am is constantly

waiting for somebody good enough for me
waiting for you baby
so keep it steady, you got
one shot, one shot
all i am is

letting you know who i am
and how i feel
letting you know baby
so keep it steady, you got
one shot, one shot, one shot

cause I've been looking for somebody like you
looking for somebody like you
looking for you baby
you got, you got it, one shot!

all i am is constantly
waiting for somebody good enough for me
waiting for you baby
so keep it steady, you got
one shot, one shot
all i am is
letting you know who i am
and how i feel
letting you know baby
so keep it steady, you got
one shot, one shot, one shot

all i am is constantly
waiting for somebody good enough for me
waiting for you baby
so keep it steady, you got
one shot, one shot, one shot
