So here we are again, I'm almost giving in
I'm over-listening about who you with or where you've
been
I got drunk with my friends, a list from one to ten
Are you the man that I need, I need? (No)

If I was doing this, would you put up with this?
Do what you're mama said
Love or leave alone
I'm gone
Cos all you ever doâ€¦!

You promise me the world
You promise to never let down a girl
But now I know it's time to go
Tonight I'm gonna go and party go without you
I'm gonna go and party go without you

Your womanizing games
Although you've say you've changed (no)
I guess I always be your option not priority

The best you never have
One day you'll wish me back
There won't be no one like me

If I was doing this, would you put up with this?
Do what you're mama said
Love or leave alone
I'm gone
Cos all you ever doâ€¦!

You promise me the world
You promise to never let down a girl
But now I know it's time to go
Tonight I'm gonna go and party go without you
I'm gonna go and party go without you

Promise this, promise that
But you won't get me back
You won't find me home alone

Promise this, promise that
But you won't get me back
Someone will love what you don't

DUBSTEP BREAKDOWN

You promise me the world
You promise to never let down a girl
But now I know it's time to go
Tonight I'm gonna go and party go without you
I'm gonna go and party go without you
