My love for you is stronger than love itself
I'd do what it takes to keep you all to myself
Dehydrated most the time
From the lack of your touch
But when I receive it
It's not ever enough

Cos I could go on and on
With reasons I should stay
And I could go on and on
With reasons I should go away

It's unofficial
That's the love that you give to me
It's artificial and it's never unconditionally
So why can't you show the world I'm yours
Why can't you show the world I'm yours
Why must you be a curse
So unofficial (unofficial)

Lay my head against your heart
With my arms wrapped around you
Told you that no matter what
I'll always be here for you
You said you were happy to hear this
You could be sensitive too
But then the next two weeks later
I still hear nothing from you

Cos I could go on and on
With reasons I should stay
And I could go on and on
With reasons I should go away

It's unofficial
That's the love that you give to me
It's artificial and it's never unconditionally
So why can't you show the world I'm yours
Why can't you show the world I'm yours
Why must you be a curse
So unofficial (unofficial)

It's unofficial
That's the love that you give to me
It's artificial and it's never unconditionally
So why can't you show the world I'm yours
Why can't you show the world I'm yours
Why must you be a curse
So unofficial (unofficial)
So why can't you show the world I'm yours
Why can't you show the world I'm yours
Why must you be a curse
So unofficial (unofficial)
