All you pretty girls throw your numbers at me
All you pretty girls throw your numbers at me
I just wanna see what your working with, and maybe we
can meet again after this now

All you pretty girls throw your numbers at me
All you pretty girls throw your numbers at me
I just wanna see what your working with, and maybe we
can meet again after this now

Stop things wow, what's your name?
I bet you think all boys are the same
But I can do it better than them
And I'm feelin' that you know I do

Oh whoa oh-oh

Everybody else in here
Wanna get with you wanna make it clear
That they can be what you need
But I know what they ain't right for you

Oh whoa oh-oh

And all I gotta hear you say
Is that you wanna roll with me
Then I'm get your digits and we'll see

All you pretty girls throw your numbers at me
All you pretty girls throw your numbers at me
I just wanna see what your working with, and maybe we
can meet again after this now

All you pretty girls throw your numbers at me
All you pretty girls throw your numbers at me
I just wanna see what your working with, and maybe we
can meet again after this now

Well I'm always lookin' for a dime
Ten outta ten and I make her mine
She can't order me
So has to take a number down

Oh whoa oh-oh

I know that you got a friend
'Cause every text that I send
Gonna reach these dime by the dozen

Holla back

And all I gotta hear 'em say (say)
Is that they wanna roll with me (me)
Then I'ma get their digits and we'll see

All you pretty girls throw your numbers at me
All you pretty girls throw your numbers at me
I just wanna see what your working with, and maybe we
can meet again after this now

All you pretty girls throw your numbers at me
All you pretty girls throw your numbers at me
I just wanna see what your working with, and maybe we
can meet again after this now

So if you gotta number let me take it down, girl
Don't got the time to let you mess around, girl
Wanna get this goin' 'riginal

Shoo ay yoop

So if you gotta number let me take it down, girl
Don't got the time to let you mess around, girl
Wanna get this goin' 'riginal

Shoo ay yoop

All you pretty girls throw your numbers at me
All you pretty girls throw your numbers at me
I just wanna see what your working with, and maybe we
can meet again after this now

All you pretty girls throw your numbers at me
All you pretty girls throw your numbers at me
