I'm sick of chasin' broken hearts
and all my distant dreams
Remember that day we did pot
So recently it seems

Go!

I can't forget those times we had
All those things we used to do
I lie awake, thinking at night
Knowing that I'm still in love with you

Kissing in your car
Watching stars in my backyard
Well nothing ever seems the same
When I'm with you

Will this havic ever end
???

I guess it's better now we're friends
It goes to show you just how lives can change

Kissing in your car
Watching stars in my backyard
Well nothing ever seems the same
When I'm with you

As hard as things may seem
We're both fulfulling our dream

Kissing in your car
Watching stars in my backyard
Well nothing ever seems the same
When I'm with you

Kissing in your car
Watching stars in my backyard
All these things I wanna do
Nothing ever seems the same

When I think about your name

And times back to see you (?)
