(every thing wil be ok if you wasnt crazy
why you trying to fade me just be a lady)
reapet 4

now when we first meet every thing was going cool
I had to catch myself cause I was thinkin you
at first it seem that you were the only one for me
but oh no you crazy
now I am the type of nigga that likes to keep it clean
I likes to keep my mind focused on the wheel
instead of you trying to make my dreamns come true
except you starting messing with me and my whole cru
now what type of lady are yuo suppose to be
I think its best if you stay the hell away from me
now what type of lady are you suppose to be
I think its best if you stay the fuck away
CHORUS
everything will be ok if you wasnt crazy why youy trying
to
fade me just be a lady
