If I can just press, press in your presence behold the
beauty of your face
If I can just press, press in your presence and never
leave this place again
If I can just press, press in your presence and leave all
my cares behind me
I will behold, I'll still believe, I will just lay, Lay at your
feet
I will behold, I'll still believe, I will just praise, Praise at
your feet
Right here in your Presence

(Chorus)

If I can just press, press in your presence behold the
beauty of your face
If I can just press, press in your presence and never
leave this place again
If I can just press, press in your presence and leave all
my cares behind me
I will behold, I'll still believe, I will just lay, Lay at your
feet
For I will behold, I'll still believe, I will just praise, Praise
at your feet
I will behold, I'll still believe, I will just lay, Lay at your
feet
For I will behold, I'll still believe, I will just praise, Praise
at your feet
Right Here In Your Presence

You call me your own, so Lord I give you me
You own the world, but yet you still want me (x2)

Take my heart, take my mind, take my soul and never
let me go (x2)

(Chorus)

You call me your own, so Lord I give you me
You own the world, but yet you still want me(x2)

Take my heart, take my mind, take my soul and never
let me go(x2)
