From the very first
Time I saw you
I feel my old life
and it was all new
I felt my knees get weak
My heart went crazy
I felt some yes & no,
I even felt some maybes
I'd climb a mountain top,
I'd swim the ocean, too
Get down o my knees,Â
But only if it was for you
I think that i would do
about anything.
You Â in my dreams
And in this song I sing, come on

Chorus:

Tell me,Â Tell me,Â Tell me, anything and I will, believe
you
Tell me,Â Tell me,Â Tell me not to goÂ
And I will never leave you.
Tell me,Â Tell me,Â Tell me I'm yours
Tell me that your the same.
Tell me,Â Tell me,Â Tell me, Tell me anything.

I've seen so many girls
I've heard so many lines
And once or twice, I thought
That one of them was mine
But how it always goes,
And it always been,
I start to think that we be
Better of if we where friends
But there is a new turn, yesÂ
There is a new twist
I know I said before that I
Just can't handle this
I'm not the type to write you
Love songs
But hope somebody Â will sing along

Chorus:

from the very first
Time I saw you
There was something different
And it was all new
It's in the way you move
And how you look at me
Like me being stuck on you
Is something I'm suppose to be
And that's OK to
And if you feel the same
Â Know we can trade looks
And maybe we can trade names
And we can look back
Down and down low
And see and remember how the song goes

Chorus
