All those crazy nights when I cried myself to sleep
Now melodrama never makes me weep anymore
'cause I haven't got time for the pain
I haven't got room for the pain
I haven't the need for the pain
Not since I've known you

You showed me how, how to leave myself behind
How to turn down the noise in my mind
Now I haven't got time for the pain
I haven't got room for the pain
I haven't the need for the pain
Not since I've known you

I haven't got time for the pain
I haven't got room for the pain
I haven't the need for the pain

Sufferin' was the only thing made me feel I was alive
Thought that's just how much it cost to survive in this world
'Til you showed me how, how to fill my heart with love
How to open up and drink in all that white light
Pourin' down from the heaven

Haven't got time for the pain (no pain)
I haven't got room for the pain (no pain)
I haven't the need for the pain
Not since I've known you

I haven't got time for the pain
I haven't got room for the pain (for the pain)
No, I haven't got time, I haven't got time, no I haven't
got time for the pain
Haven't got room for pain
No, no, no, no more pain
