

Scarlett Belle "Freak Tonight"

Visit "[Freak Tonight](#)" on MotoLyrics.com

I wanna be a freak tonight
I wanna be a freak tonight
I'm gonna be a freak tonight

All I need is a moment one last chance with you
All I need is a moment, I can make your dreams come
true
Oh oh

I wanna be a freak tonight
I wanna be a freak tonight
I'm gonna be a freak tonight
Let me be there for you

I I can do you like that that that that
I can do you like that that that
Cause I can do you like that that that
Or I can do you like that that that that

Yeah yeah let me hear you say
Oh oh oh oh
Oh oh oh oh
Let me hear my freak say
Oh oh oh oh
Oh oh oh oh

All I need is a moment some private time with you
(Oh oh yeah)
We, we can get out this club
Just have some fun do what you wanna do
Oh, oh

I wanna be a freak tonight
I wanna be a freak tonight
So let me be a freak tonight
Let me be there for you

I I can do you like that that that that
I can do you like that that that
Cause I can do you like that that that that
Or I can do you like that that that that

Yeah yeah let me hear you say
Oh oh oh oh oh oh oh oh
Let me hear my freak say
Oh oh oh oh oh oh oh oh

Yeah yeah yeah

In the middle of the club straight cruising
Party up while the world still snoozing
Got the girls straight dancing on me
But I get more brain than a zombie
Girl, you're my number one desire
You're hotter than a camp fire
Let me be your freak
I wanna bite you like a vampire

Shorty wanna tie me up, tie me down
Shorty wanna get real freaky
I just wanna lick her up, lick her down
I'm a slave for you like Britney
So girl, if you seek Amy
As long as you know that you can't claim me
I give it to you all night, all day
I be freaking you like my name... (?)

I can tell by your eyes
I can see that you want me (want me yeah)
Girl you that I'll give you something extraordinary
You know cause

I wanna be a freak tonight
(Repeat)

I I can do you like that that that that
I can do you like that that that that
Cause I can do you like that that that that
Or I can do you like that that that that
I can do you like that
