Give me peace in the wind
Call me making no sound
Then keep, kiss, hold, miss,
See me punching holes in the wind
Sing through waves of the wind
dance me making me no sin
Then heal, feel, heart, steal
Come with me inside the whole of the wind
Then touch me, I made no sin
Don't leave me for I love thee
I'll keep you like gold on my kin's
Find you like treasures I need to
live, talk, feel, walk
Follow you/ Love me inside the whole
of the wind
