Yes we did our best, never thought we'd be apart
And yes we tried so hard we pushed ourselves too far
Yes we did our best for us to see
How wonderful we'd ever be
But some pretty things just die someday
Take away the good things that we shared

(Pa ra ra ra ra ra ra) x2

Some people say, love like ours won't fade away
And now we're through, we put our friends in dismay
Yes they did their best for us to see
How beautiful we'd ever be
But they didn't know how hard it is
To be hurt, to be lost in the mist

(Pa ra ra ra ra ra ra) x2

And we almost gave our lives to be in front row
To give light to you and me
And in return they won't agree
Because to them

It doesn't mean a thing
(Pa ra ra ra ra ra ra) X2

And we almost gave our lives to be in front row
To give light to you and me
And in return they won't agree
Because to them
It doesn't mean a thing x2

(Pa ra ra ra ra ra ra)
It doesn't mean a thing

(Pa ra ra ra ra ra ra) x3
