"Lights Out"

Oh, I've never been one for fighting
More, like run and hiding
Fear, had taken over me
But the gloves are coming off this time

Whoa oh oh oh,
Now that I found You
Whoa oh oh oh,
I see right through
Whoa oh oh oh,
This dark view
Cause Your love's taking over

I wanna wake and see the truth
Let's take the old and make it new
Cause it's lights out, lights out
The game is over
Lights out, lights out
And I ain't the same
The game is over

I was down for the count and
Life had beaten me down
Saved by the bell this time
But I feel I'm waking up

Whoa oh oh oh,
Now that I found You
Whoa oh oh oh,
I see right through
Whoa oh oh oh,
This dark view
Cause Your love's taking over

I wanna wake and see the truth
Let's take the old and make it new
Cause it's lights out, lights out
The game is over
Lights out, lights out
And I ain't the same
The game is over

The game is over

Just like when the sun goes down on a western sky
I can look at the old life and wave bye, bye, bye
With the kiss of the morning sun and this new day has
begun

And I wanna wake and see the truth
Let's take the old and make it new
Cause it's lights out, lights out
The game is over
Lights out, lights out
And I ain't the same
The game is over
The game is over
