You've run for miles and miles  
And you're tired oh so tired  
Do you think I'd notice that  
You can't do this on your own

It's still a long way home  
I'm there to guide you back  
You didn't think I'd notice well  
I've been here beside you

I'm gonna move the world tonight  
Your breath is runnin' out  
You know your heart is off the track  
It's only one step back

Back off I can hear you say  
You paint your world in shades of gray  
Do you think they'd notice well  
Do you think they've found you out  
Your lips keep moving  
But I can hear your heart  
I know you're running but  
I'm still beside you  
If you'll come back to me, oh if you'll come back
