As she walks on the city streets with a broken heart and
tear stained cheeks
Holding on to the hope that someone's listening
She looks to the stars above as they barely shine thru
the evening fog
Takes her mind of the fact that she's stopped
breathing

Whoa whoa
Whoa whoa
Whoa whoa

And she thinks back to the days before hope had
slipped away
To a time when life was still worth living
Like the thief who called out his name
Will you please remember me
She is crying out Jesus save me

So I raise my hands and call out on your name
My heart is yours and I'll never be the same
Does your grace still save or am I on my own
I hear you say
You're never too far never too far gone never too far
gone
I hear you say you're never too far gone

Whoa whoa
Whoa whoa
Whoa whoa
Yeah

Whoa whoa
Whoa whoa
Whoa whoa

So I raise my hands and call out on your name
My heart is yours and I'll never be the same
Does your grace still save or am I on my own
I hear you say
You're never too far never too far gone never too far

gone
I hear you say you're never too far gone

Whoa whoa
Whoa whoa
Whoa whoa

You're never too far gone
