Sick thoughts just travel through my membrane  
Take a toke of maryjane just to keep tain  
Don't push me cuz im close to the edge  
Got a nine millimeter and its screaming out death  
Seen a lot of blood shed in the night time  
Honestly, I aint in my right mind  
Ive been subjected through the streets all neglected  
And through the streets its how i got respected  
Ive been connected to all sorts of crime  
In the span of 25 years a short life time  
A gang of robberies  
A couple of kidnaps  
See me flossing these the foos have been jacked  
I been wanted for all types of shit  
Arrested at an early age what type of life is this  
I been shackled from my feet up and hand cuffed  
Can't use excuses cuz we always prove to have it rough  
Ive been shot at, stabbed, and shot back  
A couple of homies that could not be brought back  
And thats that, thats life  
A couple of older homies got 25 to life  
All over gun fights all in the sunlight  
They never made it out to see them summer nights  
Cuz we all brown and down and proud of how we live  
Still roll around the spots like I dont give a shit  
Knowing foos wanna split me  
But i keep a stap by my side so why not come and get me  
I still refuse to lose  
Walking around with a 12 guage 9 and a 22  
I dont trip of the bullshit  
Levas talk shit fuk em homie  
I got a full clip  
Id rather be caught with it then without it  
Id rather live in a cell than in the ground trick  
So I will not, cannot, and wont stop  
No matter what happens in life I wont flop  
Ive got kids to feed Ive got bills to play  
Until they take care of that fuck what they say  
As far as i know ive figured out survival  
And in any second i could be dead and not know

So i stroll with my head in the clouds  
And tell em haters aint no taking me out
