### CIRCLE OF THE SUN

by Sally Rogers

Babies are born in the circle of the Sun  
Circle of the Sun on the birthin' day  
Babies are born in the circle of the sun  
Circle of the sun on the birthin' day.  
Clouds to the east, clouds to the west  
Wind and rain to the north and south  
Babies are born in the circle of the sun  
Circle of the sun on the birthin' day.  
Children take their first step in a circle of the sun  
Circle of the Sun on their walkin' day  
Children take their first step in a circle of the sun  
Circle of the sun on their walkin' day.  
Clouds to the east, clouds to the west  
Wind and rain to the north and south  
Children take their first step in a circle of the sun  
Circle of the sun on their walkin' day.  
Children speak their first word in a circle of the sun  
Circle of the Sun on their talkin' day  
Children speak their first word in a circle of the sun  
Circle of the sun on their talkin' day.  
Clouds to the east, clouds to the west  
Wind and rain to the north and south  
Children speak their first word in a circle of the sun  
Circle of the sun on their talkin' day.  
Hope to be married in a circle of the sun  
Circle of the Sun on the wedding day  
Hope to be married in a circle of the sun  
Circle of the sun on the wedding day.  
Clouds to the east, clouds to the west  
Wind and rain to the north and south  
Hope to be married in a circle of the sun  
Circle of the sun on the wedding day.  
And I hope to die in a circle of the sun  
Circle of the sun on my dying day  
And spread my ashes in a circle of the sun  
Circle of the sun on my dying day.  
Clouds to the east, clouds to the west  
Wind and rain to the north and south  
Spread my ashes in a circle of the sun  
Circle of the sun on the dying day.
