Poppa:

Diesel is for unbelievers. Electricity is wrong.  
Steam has got the power that will pull us along -  
There's a light at the end of the tunnel  
There's a light at the end of the tunnel  
The inside might be as black as the night

All:

But there's a light at the end of the tunnel  
There's a light at the end of the tunnel  
The inside might be as black as the night  
But at the end of the tunnel there's a light.

Poppa:

It's the power of James Watt, the steaming Scot

All:

The man who watched the pot and said "Hey, I've got  
A brilliant plot: when the steam is hot  
It seems to make a lot of power"

Poppa:

It could turn a wheel ...

All:

Lots of power ...

Poppa:

It could drive it down a track ...

All:

Clickety clack, clinkety clack...

Poppa:

It could drive it with a beat ...

All:

Choo-choo-choo...  
With enough left over for a  
Whoo-whooh!  
He saw the light at the end of the tunnel

I said he saw the light at the end of the tunnel

Poppa:

Thanks James Watt (thank you Mr Watt)  
For watching the pot

All:

He saw a light at the end of the tunnel  
He saw a light at the end of the tunnel  
The inside might be s black as the mnight  
But at the end of the tunnel there's a light.

Poppa:

There are dark days ahead  
When the power goes dead.  
When the oil runs dry  
What can we try?

All:

We could use the sunlight

Poppa:

Bit it don't shine at night.

All:

Nuclear fission  
Leaves a nasty emission.

Poppa:

Soon the pistons will be humming  
Steam will have a second coming -

All:

We saw light at the end of the tunnel  
We saw light at the end of the tunnel  
Just dig a hole and haul out the coal  
We saw light at the end of the tunnel  
We saw light at the end of the tunnel  
So let the water boil - goodbye to oil  
At the end of the tunnel there's a light.

We saw light at the end of the tunnel (we see the light)  
We saw light at the end of the tunnel (we see the light)  
When the Angel Gabriel blows his magic toot  
We saw light at the end of the tunnel (we see the light)  
We saw light at the end of the tunnel (we see the light)  
At the end of the tunnel there's a light.  
Starlight!
