Not enough good intentions
This is not what I really am
Let go of you, thoughts of you
These bad dreams are caving in
Before you go
You have to know
I never meant
Hold you down
Things have changed
Lets move on
Within me you can fall apart
Leaving pieces of your lonely heart
With Novacaine so I cant feel
Within me you can see a hole
A heart that lies in falling snow
But not to numb to let you know
Broken glass, shattered ice
This is what Im holding in
Even though the show is over
YouÂ're still in the audience
Although you didnÂ't take this well
In time youll be able to tell
I just saved you from myself
Although you did not understand
This was not part of your plan
We had to change direction
