Fall asleep again
Hoping they'll rescue me
Sleep is my only friend
And I'm safe in my dreams

Complications rise
We can make it out
Not at all surprised
Whats coming about

Lose your grip, and we fall into the sea
Once and you're done, now its going to be

All I wanted to hear is you love me
Remember me
Now youre not coming home
And I know that this all was because of me
Forgive me
Cuz im not coming home

Never a hestiation
Never a moment lost
No reservations or
Guessing the cost

We lost our alibi
The pressure has got to us
Its hard not to cry
When it starts to sink it

Lose your grip and we fall into the sea
Once and your done, now its going to be
All I wanted to hear is you love me
Remember me
Now youre not coming home
And I know that this all was because of me
Forgive me
Cuz im not coming home

Dream away running far from our broken love
We're walls apart but we still can't get enough
The culmination of what we both deserve

We're stumbling, were falling, a little too often
A little too often

All I wanted to hear is you love me
Remember me
Cuz I'm not coming home

All I wanted to hear is you love me
Remember me
Now youre not coming home
And I know that this all was because of me
Forgive me
Cuz im not coming home

All I wanted to hear is you love me
Remember me
Cuz I'm not coming home
