Bring it back or when it's over take me home
I'm healing
And when in doubt you'll live without all you have
known
You've been feeling
So what if you said it's over and out for you my friend
When painting the view, I'm standing beside but I'm all
over you

If I run tonight would you promise to be there
Would you say the words that comfort me, they're all
around I swear
If I run tonight and I take it overboard with a word or
two
I give to you, it's all I can afford...

Now it's just another scene to drag me in for protection
It's just the way you choose to say
It's wearing thin, true collection
So what if you said it's over and out for you my friend
Just who would I call, i'm seeing a part but i'm hearing it
all

If I run tonight would you promise to be there
Would you say the words that comfort me, they're all
around I swear
If I run tonight and I take it overboard with a word or
two
I give to you, it's all I can afford...

So what if you said it's over and out for you my friend
When painting the view, I'm standing beside but I'm all
over you

If I run tonight would you promise to be there
Would you say the words that comfort me, they're all
around I swear
If I run tonight and I take it overboard with a word or
two
I give to you, it's all I can afford...

If I run tonight would you promise to be there
Would you say the words that comfort me, they're all
around I swear
If I run tonight and I take it overboard with a word or
two
I give to you, it's all I can afford...
