Hey look around, looking down  
You'll never see me  
I'm standing right by your side  
You'll never hear me  
What did you say  
Did you mean that I was dying  
I can't explain what I've been  
I'm shaking

Lay in dust around me  
Shut the eyes that never found me  
Loneliness wont hear you when you call  
Took my time to see it  
Hide the face and don't believe it  
Could you be the only one to fall

I'm looking out, looking in  
You'll never see me  
Cry, don't know why  
Could I try to make believe it  
I take a rest, take a breath  
And take what's mine  
But I don't know why  
I don't know why

After all there's nothing left to say  
Words are never free  
Sleep beneath the thought of yesterday

Lay in dust around me  
Shut the eyes that never found me  
Loneliness wont hear you when you call  
Took my time to see it  
Hide the face and don't believe it  
Could you be the only one to fall

Lay in dust around me  
Shut the eyes that never found me  
Loneliness wont hear you when you call  
Took my time to see it  
Hide the face and don't believe it

Could you be the only one to fall

Shut my eyes  
Shut my eyes  
Shut my eyes  
Shut my eyes  
Shut my eyes  
Shut my eyes  
Shut my eyes  
Shut my eyes
