7 6 5 4 3 2 1 Stop!
Bokkie saw me sitting by the BAOBAB
He said "Zero! Are you ready to go?"
I put my worries in my pocket and I said so!
Come on Bokkie! Lets go spronking
Come on Bokkie! Lets get rocking now
I said to him "you're not big 5"
He said to me "I try to stay alive"
I said to him "how does it feel?"
He said "you know what?"
Big 5's not real!
I said to him "you're on for dinner!"
He said to me "I'll take the ?"
I said to him "how do you mean?"
He said "you know, that's a very important place-the
bottom of the food chain!"
