Drop that beat

Like a baby that's starved in the night  
I scream out loud when I am hungry to get a reaction  
When that man says the sky is falling  
I question whether he has the best intention  
Well alright yeah

When you got  
What I want  
And I got  
what you need  
And we're living hand to mouth  
Thinking love is all we need

Be who you are  
And say what you feel  
Those who mind don't matter  
Those who matter don't mind  
Let me tell ya now

Be who you are  
And say what you feel  
Time will keep on ticking  
Tables keep on turning  
Let me tell you now

When you kiss me where the sun don't shine  
It feels so good but I won't get sentimental  
Pulled a white rabbit out your hat  
But you still can't separate the true facts from fiction

When you got  
What I want  
And I got  
what you need  
And we're living hand to mouth  
Thinking love is all we need

Be who you are  
And say what you feel  
Those who mind don't matter

Those who matter don't mind  
Let me tell ya now

Be who you are  
And say what you feel  
Time will keep on ticking  
Tables keep on turning  
Let me tell you now  
When you got  
What I want  
And I got  
what you need  
And we're living hand to mouth  
Thinking love is all we need

Be who you are  
And say what you feel  
Those who mind don't matter  
Those who matter don't mind  
Let me tell ya now

Be who you are  
And say what you feel  
Time will keep on ticking  
Tables keep on turning  
Let me tell you now

Be who you are  
And say what you feel  
Those who mind don't matter  
Those who matter don't mind  
Let me tell ya now

Be who you are  
And say what you feel  
Time will keep on ticking  
Tables keep on turning  
Let me tell you now
