Surprise, nothing to mention
There's no reaction
For the walking dead who speak
Disguise, detract attention
Oh did I mention
The part of the walking dead who speak
There's a price for their existence
No one listens
To the walking dead who speak
My advice to all the critics
The seasoned cynics
Of the walking dead who speak

Let's coin a phrase
And bend the truth
Suck the life out of every one of you
And when it's done
You might smile
It only happens once in a while
