Now listen this aint no make believe
Come on open your eyes and see
Now get up get up and follow me
And Im gonna show you what the futre will be

To much wasted time your gonna waste no more
Now take this
Now go one
Hey
Hey come on
Im gonna make you beg
Lay down
Yeah uh yeah
Ow
Watch me Im taking you out today
Cause you know the games that you play
Hey you should have never shown up to play
Cause I'll correct all the mistakes that you made

To much wasted time your gonna waste no more
You got nothing to say what you keep talking for
Trying acting the way you say you don't waste no more
Hey
