[Intro] I'm, I'm on the Twitter come follow me On the  
shit thinkin I'm the best MC This the shit that get me on  
the MPC Tell you what I was doin back in ninety three  
[Verse One] Used to clean my Reebox pumps with my  
toothbrush Then cop a single or a cassette for just two  
bucks Got my turntables right before the whole Wu  
struck Used to cut class come home to learn my new  
cuts Didn't have a fade somethin more like a crew cut  
Nobody had haze even dirt would cost me too much  
Wasn't gettin paid so I stay with my boots scuffed But  
never got played 'cause my tape I ordered new stuff (I  
got that new shit!) The set I cued up, had the Mac to  
boot up Gemini sampler so what the beats I looped up  
Nobody knew what, they thought I be a screw up Love  
the place I grew up then came back with my loot UH!!!!  
Went through the hood like a mechanic givin tune-ups  
My screw up in the woods have me pumpin kegs with  
blue cups Tryin to get ahead still I wind up stuck in two  
cuffs The cops said you got balls but we got the two  
nuts Wild cat in the back of the black school bus  
Bumpin Black Moon, my whole class thought that I knew  
Buck Just a new buck, a new rock, tryna get new bread  
Spend the last dollar on a rock is so bootleg (My  
Rubens!) Tryna get my hands on Kid Capri needles My  
first twelve send me chicks, the root of all evil (not  
money!) Hip-hop was in my jeans before I knew about a  
Diesel When a artist was a artist and knew how to use  
the easel (Paintin pictures) Now they scared of riskin,  
pull a quick Evel Knievel So I pull 'em a lethal version of  
POP goes the Weasel! 'Cause of they sick, oh boy, I'm  
straight measles Been doin this since Dave went Phil  
killed that Siegel Haaaah, and yeah that's a old school  
reference (old school) But shit I gotta it back to the  
essence (Gotta bring it back) Before Slick Rick caught  
his first sentence We thought 2000 we'll be livin like the  
Jetsons Before Biggie even got with Supercat Dudes  
were on the dance floor fallin back like Scoob and  
Scrap When Bell Biv DeVoe went and sampled Kool G.  
Rap I was in the room with Brand Nu' givin Puba dap  
Stay where the music at, before I heard a Luda rap  
Before we call the music crack, we called it weed and

buddha sack Was +Cool Like Dat+ before I could  
produce a track Ten years in the game and they like  
Scram Jones (...who is that?!!)
