Slingin his love with the Louisville slugger
Led in my clip so run fa cover you cock roaches
Blast on that ass with the quickness, leave my chamber

{Verse 2}

The first day I seen my bitch I fell in love nigga
I got hot the second my finga pulled the trigga
My first nut came when i killed my first victim
His body fell face first when the hollow hit him, huh
See I aint shocked because my Ruger's my popper jack
But niggaz talk shit but watch how many nigga I
subtract
The block is MINE when i pull out my Ruger 9

Police cant harrass me, I got papers you know its mine
Shot after shot so take heed when I start to blast
Nuttin gon stop me from puttin these points in ya bitch
ass

I would carry my Ruger 9 in a nightmare
Got a hollow tip straight to your back I could tell your
scared

Fuck it I'm about to pull my shit and go the blastin'
I'm usin my Ruger the second I go to Jackin
I have no love for no bitch but my nina
And if ya caught stuntin and frontin shit well I'ma shoot
ya, huh

There aint no runnin from a slug
My Ruger has no love for a nigga have you drownin in
ya own gut

I have you waitin on the trigga
You cant seperate me and my shiny black bitch, nigga

{Hook}
