The Shah of Iran, he ran from terror  
People's revolution taking over th land  
It wasn't always like that  
There's a new superman - Ayatollah Khomeini  
Put a spell on Iran - a dark eye genie  
Oh Ayatollah man - he rules the way  
He's got a head the size of Hitler  
And they call him Ayatollah  
He's just another Mussolini  
And his name is Khomeini  
I'm singing  
ayah, Aya-tollah Khomeini  
ayah, Aya-tollah Khomeini  
ayah, Aya-tollah Khomeini  
ay-oh-oh tollah Khomeini  
Aye-oh-aye  
He does what he does in the name of religion  
There are no answers, there are no questions  
Makes his own rules, just another dictator  
A game for fools of the gambling nature  
Oh Ayatollah man - he rules the way  
He's got a head the size of Hitler  
And they call him Ayatollah  
He's just another Mussolini  
And his name is Khomeini  
I'm singing  
ayah, Aya-tollah Khomeini  
ayah, Aya-tollah Khomeini  
ayah, Aya-tollah Khomeini  
ay-oh-oh tollah Khomeini  
Aye-oh-aye  
Ayatollah, Ayatollah, Ayatollah, Khomeini!  
kho-kho-kho-meini  
He's got a head the size of Hitler  
And the call him Ayatollah  
He's just another Admiral Tojo  
and this is how the song goes  
singing ayah, Aya-tollah [etc...]
